TAKE CHARGE

WITH POWERSTATIONS

The PowerStations are secure battery charging stations suitable for keeping sites organised, perfect for keeping lower-risk, smaller batteries securely charged in individual lockers.

- 6 (PWS6P) or 12 (PWS12P) locker variants with individual cam locks for padlocks*
- Safe, Secure Locker for segregated battery charging
- Double sockets in each locker to enable two devices to be secured & charged at one time
- RCD Protected
- Suitable for Site Use
- Perforated doors enabling ventilation and visibility
- Comes with fixing kit to join multiple PowerStations together

*Padlocks/keys are not included
