THE ULTIMATE FIRE SAFETY

**MADE IN
BRITAIN**

SITENET[™]

511 LINKED UNITS
32 LINKED ZONES
24/7 SITE PROTECTION

An EN 54 certified, 100% wireless scalable and intelligent fire call point and detection alarm system with first aid alert functionality.

SITEPROTECT[™]

480 LINKED UNITS
15 LINKED ZONES
24/7 SITE PROTECTION

The SITEPROTECT system is completely adaptable and can be applied in many ways to respond to a variety of hazards and emergencies.

SITEEVAC+[™]

50 LINKED UNITS
3 LINKED ZONES
24/7 SITE PROTECTION

SITEEVAC+ utilises the same technology as SITEPROTECT offering the same high level protection for smaller scale construction projects.

Fire 360° | 100% Compliance

The streamlined Fire 360° service allows for the collection, inspection, and safe storage of fire safety equipment on-site, enabling its reuse on future projects.

Essential Fire Safety

Equip your site with essential fire safety from Fire Extinguishers to First Responder Stations. Our First Responder Stations act as a central point for all fire equipment on site.
