QUALITY POLICY STATEMENT

Bull Products Ltd has developed and implemented a Quality Management System that complies with ISO 9001, to ensure that the products & services offered meet the requirements of its customers and comply with all codes of practice, statutory and regulatory requirements.

The implementation and development of the BMS within the Company has commitment and support of the Executive Team.

We will provide adequate resource to review. Monitor and maintain the BMS.

To ensure effectiveness of the BMS, we will conduct regular internal audits and management review.

The Company endeavours not only to maintain high quality standards that have been adopted as part of the policy, but to show continuous improvement through both the internal systems and through monitoring customer's perception.

The achievement of the Company's Quality Policy and objectives are the responsibility of all personnel who are individually answerable for the quality of their work.

Management will ensure that the policy document and procedures are communicated, understood, adhered to, and made available on the company website, displayed at key locations around the establishment and made available to all interested parties as and when requested and comply with all applicable legislation, regulations, and codes of practice.

This policy is being continually reviewed for its suitability.

Signed 

Charles Markham
